Hesperia has experienced substantial population growth over the past few decades. The City's population grew to 90,173 people in 2010 which represents a 44.1% increase from 2000. This growth of Hesperia as well as the entire High Desert spawned retail growth as well.

The I-15 at Main Street trade area has a population of approximately 163,000 residents with average incomes of \$64,323 and over \$1.24 billion in trade potential. Most recently, a 180,000 SF power center anchored by Target, Marshalls and Ross; and a 195,000 SF Super Walmart anchored community center have been added to Hesperia's growing list of retailers and dominant shopping centers.
