NET LEASED DISCLAIMER

Marcus & Millichap hereby advises all prospective purchasers of Net Leased property as follows:

The information contained in this Marketing Brochure has been obtained from sources we believe to be reliable. However, Marcus & Millichap has not and will not verify any of this information, nor has Marcus & Millichap conducted any investigation regarding these matters. Marcus & Millichap makes no guarantee, warranty or representation whatsoever about the accuracy or completeness of any information provided.

As the Buyer of a net leased property, it is the Buyer's responsibility to independently confirm the accuracy and completeness of all material information before completing any purchase. This Marketing Brochure is not a substitute for your thorough due diligence investigation of this investment opportunity. Marcus & Millichap expressly denies any obligation to conduct a due diligence examination of this Property for Buyer.

Any projections, opinions, assumptions or estimates used in this Marketing Brochure are for example only and do not represent the current or future performance of this property. The value of a net leased property to you depends on factors that should be evaluated by you and your tax, financial and legal advisors.

Buyer and Buyer's tax, financial, legal, and construction advisors should conduct a careful, independent investigation of any net leased property to determine to your satisfaction with the suitability of the property for your needs.

Like all real estate investments, this investment carries significant risks. Buyer and Buyer's legal and financial advisors must request and carefully review all legal and financial documents related to the property and tenant. While the tenant's past performance at this or other locations is an important consideration, it is not a guarantee of future success. Similarly, the lease rate for some properties, including newly-constructed facilities or newly-acquired locations, may be set based on a tenant's projected sales with little or no record of actual performance, or comparable rents for the area. Returns are not guaranteed; the tenant and any guarantors may fail to pay the lease rent or property taxes, or may fail to comply with other material terms of the lease; cash flow may be interrupted in part or in whole due to market, economic, environmental or other conditions. Regardless of tenant history and lease guarantees, Buyer is responsible for conducting his/her own investigation of all matters affecting the intrinsic value of the property and the value of any long-term lease, including the likelihood of locating a replacement tenant if the current tenant should default or abandon the property, and the lease terms that Buyer may be able to negotiate with a potential replacement tenant considering the location of the property, and Buyer's legal ability to make alternate use of the property.

By accepting this Marketing Brochure you agree to release Marcus & Millichap Real Estate Investment Services and hold it harmless from any kind of claim, cost, expense, or liability arising out of your investigation and/or purchase of this net leased property.

Great franchisees. Great brands."

dineEquity"

In the past, the world knew us as IHOP®, an American icon to our guests and a franchising company that was focused on providing strategic leadership and vision for our franchisees and on enhancing value for our shareholders. With this dedicated focus, we cultivated a core expertise in brand revitalization and franchising know-how which became the basis for the winning formula that has defined the financial success of our business in recent years. With the addition of Applebee's® to the IHOP family of restaurants in November 2007, we made a bold new commitment to our brand revitalization abilities and to the power of franchising. DineEquity promises to make our two businesses more powerful and more successful than either brand could have been apart. In October of 2012, DineEquity successfully completed the transition of Applebee's to a 99% franchised restaurant system. Our goal remains to provide delicious, innovative dishes and exceptional guest experiences each and every time a guest walks through either brand's doors. With more than 3,600 restaurants combined in 17 countries, over 400 franchisees and approximately 200,000 team members (including franchisee- and company-operated restaurant employees), DineEquity is one of the largest full-service restaurant companies in the world.

With more than 2,000 restaurants in 49 states, 16 countries and one U.S. territory, Applebee's is the world's largest casual dining brand. Founded in 1980 in Atlanta, Georgia by Bill and T.J. Palmer, Applebee's has always been dedicated to full service, consistently good food, reasonable prices and quality service in a neighborhood setting. Today, we are focused on building upon this heritage and maintaining Applebee's brand position at the top of the casual dining industry by becoming more competitive and differentiated in the casual dining segment of the restaurant industry. We expect to generate sustainable same-store sales momentum for the Applebee's brand by significantly increasing the effectiveness of Applebee's marketing efforts, making meaningful improvements to the operational performance of our restaurants, and continuously

When Al and Jerry Lapin opened the first International House of Pancakes in Toluca Lake, California on July 7, 1958, they never dreamed that five decades later the family restaurant they founded would become the American icon it is today. From humble beginnings, we have grown to more than 1,550 IHOP restaurants in 50 states, and the District of Columbia. Internationally, IHOP has locations in Canada, Mexico, Guatemala, the Middle East, Puerto Rico and the U.S. Virgin Islands. Today, IHOP is the leader in the family dining segment of the restaurant industry. Our 99% franchised system delivers strong free cash flow results that have been a hallmark of IHOP's financial performance.

INVESTMENT OVERVIEW

Investment Highlights

- Absolute NNN Corporate Lease
- Attractive Rent Increases
- Located Within Madera Marketplace Center
- Easy Access from Highway 99

The subject property is an attractive IHOP restaurant situated as a pad site within Madera Marketplace, a power center anchored by Wal Mart Super Center and Pak n Save Foods. Originally constructed in 1995, IHOP then executed a 25 year corporate lease with 2-five year options. The lease is absolute triple net with 10% fixed rent increases every 5 years with 2-five year options at same terms and conditions. The tenant has recently updated the exterior with some cosmetic changes and remodeled the interior dining area.

The IHOP restaurant chain is owned by Dine Equity, a publically traded company (NYSE:DIN) that also owns the Applebee's restaurant chain. Combined, they operate more than 3,600 restaurants in 17 countries.

The city of Madera is the county seat for Madera County that is centrally located in the State of California and is bisected by State Highway 99 which connects the central San Joaquin Valley with both Southern and Northern California. Located approximately 18 miles north of Fresno, Madera enjoys close proximity to Yosemite and other recreational areas of Central California, and has a current population exceeding 61,000.

Cleveland Avenue, where this IHOP is located on is Madera's prime commercial corridor and can be easily accessed by its off/on ramp of Highway 99. IHop has additional signage on a highway pole sign shared with Pak N Save that helps attract highway travelors. Cal Trans reported that year 2012 average daily traffic count on Highway 99 and Cleveland Avenue exit was 121,000. The largest and most significant commercial development on this street has been Commons at the Madera Fair, a retail center anchored by Lowes, Walgreen's, Petco, Big 5 Sporting Goods, and Dollar Tree and is located directly across the street from the Madera Marketplace which brings more traffic to the area.

The Madera Fairgrounds is located approximately 500 yards east from the IHOP that host activities throughout the year, including over 50,000 attendees at the Madera District Fair held each September.

This property should appeal to an investor seeking a quality single tenant property located in California.
